Additional Comments (concerning the strengths and weaknesses of this class)

- This course helped me better myself in my writing, and in expressing thoughts and opinions through writing. I have learned much skill from this class that will follow me through out my life. Ms. Michelini has been a wonderful instructor; she has done her job extremely well.

- It's been a fun class and really helped on my writing skills. I have also found this class has made it easier for me to express myself in writing and words.

EN-231- P01 Instructor: Michelini, Abigail Dept: English

Enrollment: 7

Additional Comments (concerning the strengths and weaknesses of this class)

- This class was interesting confusing sad and crazy all at the same time we had heated discussion due to some peoples opinions clashing which made the class that more interesting i would take another part to this because i found it to be interesting and a good learning experience

- I loved everything about this class, I looked forward to every class discussion and every new assignment. This has been the best class I have ever taken at Southern and Ms. Michelini has been the greatest teacher. She skillfully helped expand my thinking and made it enjoyable in every way. Even when the discussions got heated there was always a sense of respect we had for her and she had for the class as well. Plus she is pretty hilarious and honest which helped because coming to class is horrible when the teacher is boring. Like I said, this has been a favorite of mine and I'm so happy I decided to take this class.
